

## VEGETATION SERVICES

---

### Field Foremen (Central Alberta)

Pioneer Vegetation Services is a division of Pioneer Professional Services Group. It provides vegetation control solutions for the oil and gas, utility, construction and reclamation sectors.

Pioneer is looking for an energetic, business focused person in the field to assist in the management of its Central Alberta Vegetation Management Business. The Central Alberta Field Foremen would ensure that vegetation management work is being executed in a safe, timely and cost effective manner that meets or exceeds the expectation of our clients. Openly communicate with management, clients and staff. Ensure that work is executed to Pioneer standards with the safety of our employees being number one.

#### Duties and Responsibilities:

- Provide direct supervision of field staff – monitoring day to day operations of spray crews, creating daily and weekly work plans, ensure sprays crews are properly equipped and prepared each day, ensure field staff is maintaining equipment on a daily basis.
- Implement Pioneer Vegetation Management Programs – monitoring sites for clients identifying weed species and stages, herbicide selection, execution of vegetation management.
- Ensure that all activities and reportorial requirements are properly documented, regularly updated and completed in a timely manner.
- Create an atmosphere where open communication between the field, management and client are observed for successful implementation of projects.
- Ensure safe work practices and procedures are followed at all times.
- Develop good relationships with clients, potential clients and land owners to assist in business development effort.
- Assist in other areas of the business unit, such as mowing, spraying, environmental drilling and other duties as they may arise.
- Perform other related tasks as assigned from time to time.

#### Qualifications:

- Degree or Diploma in Agriculture or Environmental Sciences
- Industrial Herbicide Applicator License is required
- Must have relevant and valid Oilfield Safety Tickets, such as H2S Alive, First Aid/CPR, TDG and WHMIS
- Must be reliable and safety conscious
- Oilfield and farm experience would be considered an asset
- Excellent Communication and Customer Service Skills
- Excellent Analytical and Problem Solving Skills
- Must be able and willing to travel with valid driver's license

The ideal candidate would be based out of our Sylvan Lake, AB location with travel requirement around Central Alberta.

Interested candidates are invited to forward a resume, in confidence to: [hr@pioneer-group.ca](mailto:hr@pioneer-group.ca)

We would like to thank all applicants for their interest in this position however only those selected for interviews will be contacted.
