

VEGETATION SERVICES

Reclamation Assistant – Oilfield Vegetation Management (Seasonal)

Pioneer Vegetation Services is a division of Pioneer Professional Services Group. It provides vegetation control solutions for the oil and gas, utility, construction and reclamation sectors.

We are currently looking for **Reclamation Assistant for Oilfield Vegetation Management** for our Coronation, Alberta location. This is a great opportunity for summer students or recent agricultural and environmental science graduates to enter the environmental and reclamation industry.

Duties and Responsibilities:

- Assist reclamation operator in seeding, mowing, tillage operations, fence building, herbicide application and other general labour works
- Ensure safe work practices and procedures are followed at all times
- Document and communicate to Supervisor daily work activity to ensure timely completion of contracts and projects
- Develop good relationships with clients, potential clients and land owners to assist in business development effort
- Perform other related tasks as assigned from time to time

Qualifications:

- At minimum, working towards a diploma/certificate in environmental sciences or related field
- Must have relevant and valid Oilfield Safety Tickets, such as H2S Alive, First Aid/CPR and WHMIS
- Must be reliable and safety conscious
- Oilfield and farm experience would be considered an asset
- Excellent Communication and Customer Service Skills
- Excellent Analytical and Problem Solving Skills
- Must be able and willing to travel with valid driver's license

The ideal candidate would be based out of our Coronation, AB location with some travel requirement between Coronation and Red Deer areas.

Interested candidates are invited to forward a resume, in confidence to: hr@pioneer-group.ca

We would like to thank all applicants for their interest in this position however only those selected for interviews will be contacted
